DESCRIPTION

The 1st Line EOD Tool Kit is designed to provide EOD Operators and Bomb Technicians with a versatile, lightweight kit that builds upon the capabilities of the Immediate Action Pouch without unnecessary or wasteful redundancy. This kit is ideal for missions where the user has limited cargo or carry space and where the operator must take weight or dimensions into consideration. The kit can be carried in a cargo pocket or stored in a small compartment. The Immediate Action Pouch is included with the 1st Line kit or can be purchased separately.
